Tara,

First...
I want to clarify item #2 below...
These are already at PMX. Also, we changed the quantity to 3,180 to conform to the packing factor.
Now...on the new list of items...

89280- These are already at PMX. There are only 19 available so you really do not need to change the POS#.

60119- There is only 101 at the warehouse.

60120- You asked for 101, but there is actually 105 at the warehouse. Do you want all 105 transferred?

89654- There are only 328 in the warehouse. You asked for 3528. (OK)

Please advise.
Thanks,
Micky
